Building Construction Square Foot Sponsorship Program

With the Divine Blessings of our Beloved Bhagawan Sri Sathya Sai Baba, Sarva Dharma Service Center Inc. purchased 9 acres of land in the picturesque and peaceful neighborhood on West Farm Road in Howell Township in the summer of 1997. With His Grace SDSC secured all the permits for the construction of the 16,000 square feet Building. The construction work with Swami's permission was started in July 2006.

The entire project has been divided into 2 phases:
Phase I consists the construction of the main hall with the basement;
Phase II involves the building of the dome part with rooms on the top floor including Swami's room.

The cost of Phase I has been estimated over \$ 3,000,000. In order to give a chance to more people to get involved in the construction process of the Sarva Dharma Service Center, it was decided to adopt a Sponsorship Program, "Sponsor a Square Foot" of the building. The cost per square foot is \$ 250.

If you, your family or friends would like to participate by sponsoring a square foot or more of the building, please fill out the form and send it to above address along with checks made payable to **Sarva Dharma Service Center Inc.**
